Here, I'm going to set it to automatically announce the time every hour..  
Select "Time Announcement"  
Select "Play every hour"  
Select "All" days of the week  
I want it to announce at the top of the hour, so set  
Set "Start Time" at 12:00  
Set "Max Wait Time" 3 minutes  
(so if song is still playing at the top of the hour, the announcement will delay until song ends).

Annotations in the screenshot include red circles around the 'New...' button, the 'Play every hour' radio button, the 'Maximum wait' field set to 3 minutes, the 'Time announcement' radio button, the 'Start date and time' field set to 12:00 AM on 6/5/2014, the 'All' days button, and the 'OK' button.
